

Kegco Javarator (Cold-Brew Coffee Kegerator)

Ideal for offices with 50 or more employees.

Why We Recommend This Kegerator

This Kegerator is a high quality kegcooler with a stainless steel door that includes everything needed to dispense our kegs of cold brew coffee. It has all the necessary equipment to pour a cold, tasty glass of coffee. It boasts an interior big enough to easily accommodate a full size 1/2 barrel keg. It's quiet, energy efficient, and versatile making it an excellent choice for anyone who wants cold brew coffee on tap at the office all the time.
