

# CURTIS AUTOMATIC COFFEE GRINDER

SLG-10

## WHY WE RECOMMEND THE SLG GRINDER

This Curtis SLG-10 automatic coffee grinder is the perfect addition to any office's traditional bean-to-cup brewing program, and prides itself on top quality coffee. This grinder boasts a large 5-pound hopper that cuts back on refills, and positive auger flow for uninterrupted coffee dispensing. A 0.5 hp motor and single select / start switch makes operation easy, while self-adjusting brew rails let it accommodate even large-size brew baskets with ease.
