

FOLLETT 15 SERIES

Ice and Water Dispenser

FOLLETT[®]
Innovative solutions, inspired by ice

WHY WE RECOMMEND THIS DISPENSER

The 15 Series countertop ice and water dispenser is ideal for work groups up to 75 people. An optional base stand allows the countertop model to be converted to a freestanding unit. Other key features include capacitive touch dispensing, and a unique drainless design that refreezes melt water from the storage hopper, allowing this model to be installed virtually anywhere there is water and electricity available.

OFFICE SIZE
