

FOLLETT 7 SERIES - COUNTERTOP

Ice and Water Dispenser

FOLLETT[®]
Innovative solutions, inspired by ice

WHY WE RECOMMEND THIS DISPENSER

The 17.5" tall 7 Series countertop is the only ice and water dispenser specifically designed to fit underneath overhead cabinets. An optional base stand allows the countertop model to be converted to a freestanding unit. Other key features include sanitary, capacitive touch dispensing, and a unique drainless design that refreezes melt water from the storage hopper, allowing this model to be installed virtually anywhere there is water and electricity available.

OFFICE SIZE
